

The Housing Choice Voucher Program is not accepting applications at this time. We only notify potential voucher recipients that are currently on the waiting list, via United States Mail to a physical mailing address to notify them to come in for screening. Keep in mind the following points when searching online for housing:

- ✓ MHA will never charge to get your name on a waiting list and there is no way that paying a fee will increase chances of getting a voucher.
- ✓ MHA does not use money-wiring services or reloadable debit cards as sources of payment.
- ✓ MHA does not send text messages promoting their Housing Choice Voucher programs or requesting payment for vouchers. MHA also does not send out emails requesting payments.
- ✓ MHA does not accept money to move anyone ahead of others on their Housing Choice Voucher waiting list.
- ✓ Don't provide confidential financial information on a website, text or email in looking for housing with MHA.
